The Voice

of the Global Customers: **benefits**
of working with IPMA

The Voice of

ALSTOM

“

IPMA Project management certification:

Is a **powerful development & recognition process** of Project Managers at Alstom

Provides an independent assessment of **high-quality professionals**

Offers a **standardized certification path** for all project managers no matter where they are in the world coordinated in close collaboration with a Key Account Manager (SMaP/IPMA France)

The Voice of

SIEMENS

“

Siemens has since many years its own, well-proven PM@Siemens process & methods for PMs and CPMs. Nevertheless, IPMA certifications at all levels are **considered and accepted as equivalent alternative**.

IPMA certification for external bids/offers are from customers often **valued higher than the internal PM@Siemens certification**.

IPMA certification in addition to PM@Siemens (e.g., “combined certification” in LC-AT) results in a **broader, holistic knowledge and competences about project management**.

The Voice of

“

A **globally aligned certification scheme** is applied

IPMA can adapt to a Corporate Project Management Framework

IPMA **provided a virtual Certification process** during the pandemic which is still applicable today

IPMA makes **available many great (virtual) offerings** for PM training and development (e.g. evening sessions)

The Voice of

THALES

“

The global scheme ensures **consistency of certification delivery across the countries** for all levels (A to D)

IPMA enables the **international recognition of Project Management skills** and the importance we attach to it

IPMA also **values experience and soft skills**

Our IPMA-certified professionals **increase the credibility** we get from customers and partners

Exchange and benchmarking meetings with other French and international global customers **support continuous improvement for both: IPMA and customers.**
